A bit about the department

CREATIVE MEDIA

The media and gaming industries are one of the fastest growing creative industries worldwide.

Our courses provide a broad base of skills and knowledge within Creative Media and enable you to understand the career demands and opportunities available. Learners will develop skills across areas within Creative Media; Concept Game Art, Podcasting, Film, Photography, Motion Graphics, Animation, Scriptwriting and more.

You will work in our dedicated facilities. All tutors are active within the Media industry and have a wealth of knowledge and experience to call upon providing you with the skills and knowledge to progress to higher level study, Higher Education or to start your chosen career.

You will develop skills, knowledge and understanding in Creative Media Production and apply your learning in a practical and realistic way via projects and live briefs. If you have a keen interest in film and television, social media, radio practice and theory and a desire to follow a media-related career then this course is for you.

Macclesfield College

A task to get you started

Task 1

ALL ABOUT ME

You are going to create an 'All About Me' video. You will learn various skills including:

Planning
Camera Use
Framing Your Shots
Health & Safety
Video Editing

First of all
Consider what you would include in a video all about you.
Create a mind map or list of ideas.

Think about:

How and where you will film it?

Will anybody else be involved?

How long will it take to discuss each thing?

Come up with at least 10 possible things to include – you don't need to use them all!
