# A BIT ABOUT THE BUSINESS DEPARTMENT...

On behalf of the business team – Welcome to Macclesfield College!

We are delighted that you have chosen to continue your education journey with us and look forward to a happy and successful working partnership together. College is a time of achievement and together we hope to help you achieve and exceed your true potential.

The staff within the department are qualified and experienced in their specialist fields and have a wealth of industry experience and technical knowledge.

We hope that you will enjoy your course and feel confident that you will receive the best tuition, guidance and support to enable you to progress into higher education or enter your chosen career.

If you are studying the Level 2 course, you will gain exposure to modules centred on Finance and Marketing. Additionally, you will have the opportunity to collaborate on team projects and develop project management skills.

For those pursuing the Level 3 Business or Business with Law pathway, the curriculum will further explore Marketing, Personal and Business Finance, Events Management, International Law, and the English Legal system.

Throughout your studies with us, we emphasise a practical as well as theoretical approach, striving to make the subject matter come alive for you.

Most of our students progress onto apprenticeships, next level of study or into the world of work in a related field.

# WHERE THIS COURSE COULD TAKE YOU

In addition to paving the way for advancement from the Level 2 qualification to Level 3, this program will equip you to pursue employment in various business environments. Alternatively, you can showcase your entrepreneurial abilities by establishing your own business venture.

Furthermore, if you want to further your academic credentials, you may choose to apply to universities offering a wide range of courses, ranging from business to business administration, finance and marketing degrees.

# A TASK TO GET YOU STARTED...

## TASK 1

From the famous business entrepreneurs listed below, write a few notes about who they are and what business they started.

## TASK 2

Write a few paragraphs on which area of business you are most interested in and why.

This can be anything from Finance, and Events to Marketing, and Entrepreneurship.

Also include what careers in business interest you.

This will need to be handed in on your first day at college.
