A BIT ABOUT THE CONSTRUCTION DEPARTMENT...

On behalf of the Construction team – Welcome to Macclesfield College!

We are delighted that you have chosen to continue your education journey with us and look forward to a happy and successful working partnership together. College is a time of achievement and together we hope to help you achieve and exceed your true potential.

The department has grown rapidly over the past years and continues to expand its provision in all areas. We have courses to suit all.

The staff within the department are qualified and experienced in the construction field and have a wealth of industry experience and technical knowledge. We hope that you will enjoy your course and feel confident that you will receive the best tuition, guidance and support to enable you to progress into higher education or enter your chosen career.

The staff work closely with pastoral and progress tutors and offers a holistic approach to learning. We also have good relationships with local employers and construction companies so as to visit local construction sites and take part in world skills competitions.

WHERE COULD THIS COURSE TAKE YOU?

Completing a C&G carpentry course at Levels 2 & 3 can provide you with a wide range of opportunities within the industry.

You can start to work with a small construction company and eventually become self-employed or work as a sub-contractor for medium to large companies throughout the region.

You are not limited and the more voluntary / work experience you get, the more options you will have.
