

Student Transfer Arrangements Statement

The purpose of this statement is to inform current and new students about transfer arrangements. If you have changed your mind about a course, or even your place of study, please contact us.

We can help you with:

- Internal transfer within the College: if you decide to change course or mode of study.
- Transfer from Macclesfield College: if you decide to leave Macclesfield College, we want to ensure that you make an appropriate choice for your next steps. Our staff can help you understand your career options and answer any questions you may have about leaving the College.
- Transfer to Macclesfield College: if you are currently studying elsewhere we recognise prior and experiential learning, so you may be able to transfer directly to an appropriate programme of study or you may be exempt from a specific unit or units (subject to awarding body requirements).

Please contact info@macclesfield.ac.uk for more information or call 01625 410000
